Press Release

Training Workshop on Nutrition and Breeding Management

31st, May 2019: The Ministry of Agriculture Livestock unit, through the Genetic Improvement in Sheep and Goat Project hosted yesterday 30th of May, a one-day theoretical and practical training on Nutrition and Breeding management. The training was held at Yo Creek Agriculture Station, in the Orange Walk District.

The one-day workshop covered topics on supplemental feeding and nutrition, pasture establishment and management, forage utilization and vaccination methods. A total of twenty-five farmers from the districts of Corozal, Orange Walk and Cayo Districts attended the training.

Through the collaboration of the Republic of China (Taiwan) and the Government of Belize, new bloodlines have been imported from the USA. A breeding plan has also been in place to produce quality breeding stock for farmers. The Ministry of Agriculture has been implementing several projects and programs to create an enabling environment for the development of the sector.
